EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Brian Teague on 2/15/2010.

2. The application has been amended as follows:

In the Claims

- In claim 1 (line 12), after "drive the fluid drive element in a motor mode", -- , **and wherein the vehicle further includes ballast tanks for selective submerging and re-surfacing of the vehicle to facilitate selective operation on or below the water surface** – has been inserted.
- Claim 3 has been canceled.
- Claim 4 has been canceled.
- Claim 23 has been canceled.

Drawings

3. The drawings filed on March 10, 2008 are objected to because of the following informalities:

- Figure 1, as filed on March 10, 2008, is oriented in wrong direction relative to the orientation of figures 1 and 9-13 in the original drawing.

Art Unit: 3617

Applicant is requested to file formal drawings with corrected orientation of figure 1.

Although not mandatory, Applicant is encouraged to file a complete set of drawings.

The corrected orientation of fig. 1 is required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance. No new matter should be entered.

Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action.
